Password:	
4	Remember password
Require Sea	ire Password Authentication (SPA)

That's it. You have now successfully configured your email onto Outlook 2003. Click Ok, Next and then Finish to finalise and you should now start to receive emails.

If you wish to have your existing mail in your new mailbox, drag your current mailbox folder onto your new one and it will move the emails across.

After a couple of days we suggest removing the old account within account settings. You can do this by selecting tools, account settings, click your old account and press remove.
