

Basic Call Logs

Article Number: 289 | Rating: Unrated | Last Updated: Mon, Feb 15, 2021 at 12:26 PM

Description

Basic Call Logs provides users with call logs for received, missed, and placed calls.

Function

The basic call logs are all accessible from the Business Portal, phones and applications. It provides the user with the following:

- Missed calls
- Placed calls
- Received calls

Note that for SIPT users, logs will not contain any internal calls between PBX users that do not pass through the WHC platform.

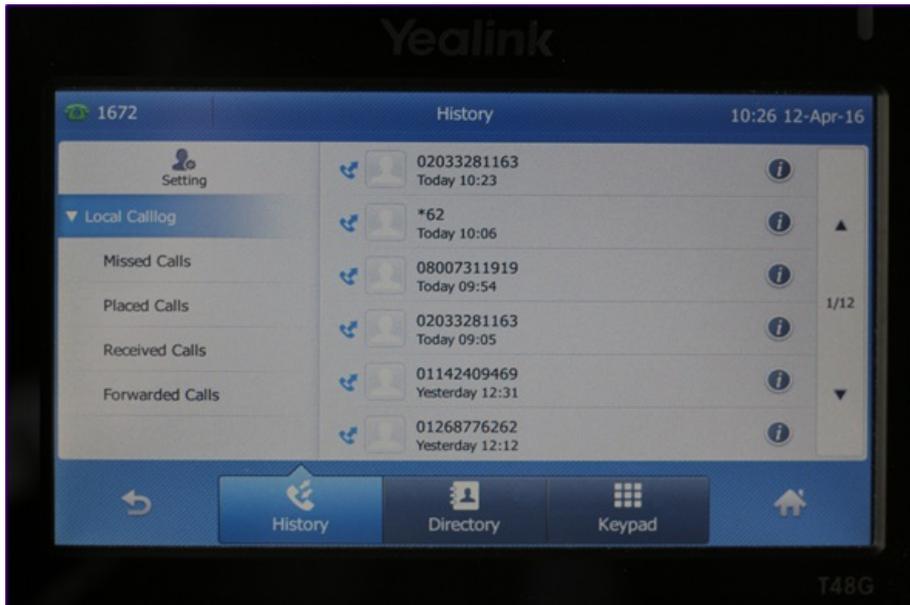

Configuration/Operation

No configuration is required to use this feature as it is an inherent feature. Operation of the feature is dependent on the device or application being used. The screenshot below shows Basic Call logs being accessed from the Business Portal:

The screenshot shows an 'Employee Dashboard' with a dark theme. At the top, it displays 'Voicemail' with 'Unread' and 'Read' counts of 00. Below this are four call log sections: 'Missed Calls', 'Dialed Calls', and 'Received Calls'. Each section contains a table of call records with columns for phone number, date, time, and status.
