IC - ISO 27001 - Information Security Policy

Article Number: 355 | Rating: 4/5 from 2 votes | Last Updated: Tue, Nov 19, 2024 at 3:09 PM

Information Security Policy

Internet Central Ltd
Innovation Centre 2,
Keele Science Park,
Keele,
Newcastle-under-Lyme,
Staffordshire
ST5 5NH

tel 01782 667788

sales@ic.co.uk

Document classification: Public

Applicable for all services supplied by Internet Central Limited (IC)

The Information Security Management System (ISMS) deployed and maintained by IC is designed to help protect ICs information assets, in all formats from all known threats, internal or external, deliberate and / or accidental.

The management and all employees of IC are committed to and are empowered to support our continuous improvement ethos through all business areas and to provide the best security of data possible through a combination of human, technological and procedural mechanisms.

Our policy is supported through our ISMS system which encompasses the requirements of ISO 27001:2022 by;

- Developing, maintaining and reviewing systems and objectives at senior levels
- Ensuring employee awareness, compliance and adherence to the ISMS
- Continual improvement of our services, products and processes
- Service monitoring and alerting
- 3rd party compliance testing
- External audit and compliance by BSI
- Monitoring and where appropriate adoption of regulatory and legislative changes
- Regular review of the above to keep everything relevant and current
