Internet Central DNS Server Settings

Article Number: 91 | Rating: 5/5 from 1 votes | Last Updated: Thu, Feb 12, 2026 at 8:31 AM

What DNS server settings should I be using?

IC provides recursive or caching name servers for you to use.

You can use these from any IC supplied connection. (They are for IC customers only, not the world to use)

Location	IPv4 Address	IPv6 Address
Keele	193.188.204.100	2a02:ac00:1:1::4
Manchester	193.188.205.100	2a02:ac00:2:1::4

To manage you DNS domains see this article How Do I Manage my Domains (DNS) ? (https://kb.ic.uk/article/how-do-i-manage-my-domains-dns-77.html)

For more information on DNS see wikipedia as it has detailed descriptions.
